

General Information for PMC Participants

- All plenary sessions are run in a fully hybrid mode, using the lecture room for on-site attendees and Webex for virtual participants. This setup will allow both on-site and virtual attendees to follow and present in the session equally.
- Any participation in a session, whether virtually or on-site, as presenter or attendee, requires a registration for the conference. Without a completed registration, you will not be able to attend any event at PMC23, neither in person nor virtually.
- Acceptance of an abstract and its inclusion in the program of PMC23 obliges the author or one of the co-authors to present the contribution at the time and in the manner indicated, on-site or virtually, or to upload a pre-recorded presentation. If you know that your presentation will not be presented in either way, you are kindly asked to withdraw your abstract as soon as possible.
- Presenters please also refer to our guidelines for oral presentations.

On-site Attendance

- Venue:
Deutscher Wetterdienst (DWD)
Frankfurter Straße 135
63067 Offenbach am Main, Germany
- The DWD building can be entered every day between 6:00 and 20:00 CET.
- Our check-in desk for on-site participants will open at 11:00 CET.
- During the conference days, WLAN will be available for all participants.

Virtual Attendance

- For virtual attendance, we strongly recommend downloading and using the Webex client rather than accessing Webex through the browser. To ensure sufficient quality, your bandwidth must have a capacity of at least 1 MBit/s upstream and 2 MBit/s downstream.

For any additional assistance please contact our PMC organization team at conference@palm-model.org. We wish you all an enjoyable PMC23!
